

PREMIUM / BLAZE SYSTEM

BLAZE SADDLEBAGS

The PRO BLAZE features impressive aesthetics, light weight and a clever attachment system.

A Velcro® strap over the passenger seat bears the weight of the bags, while model specific, removable support arms provide stability for the bags. When no luggage is needed, the support arms remove, leaving only discreet brackets.

TIP:

For motorcycles with higher exhaust pipes, we offer the specially developed BLAZE H variation. Due to the elevated position, the bags are not affected by the heat radiation of the exhaust.

FEATURES

- MADE FROM DURABLE, HIGHLY UV-RESISTANT 1680D BALLISTIC NYLON WITH WATER RESISTANT INTERIOR COATING.
- SIDE WALLS IN DIMENSIONALLY STABLE, LAMINATED EVA MATERIAL.
- REMOVABLE SUPPORT ARMS.
- VOLUME EXPANSION WITH ZIPPER FROM 15 TO 20 LITRES.
- A HIGH-PERFORMANCE VELCRO® STRAP SECURES THE LEFT AND RIGHT SADDLEBAG AND BEARS THE WEIGHT OF THE LUGGAGE.
- MAIN COMPARTMENT TO BE LOADED FROM ABOVE.
- OUTER POCKET WITH COVERED ZIPPER.
- MOLLE ATTACHMENT IN STRONG HYPALON MATERIAL ON THE FRONT FOR FASTENING ACCESSORY POUCHES.
- REFLECTIVE DETAILS FOR INCREASED VISIBILITY.
- PRACTICAL CARRYING HANDLE.
